Members Present: Matt Tullis, Jeffrey Sogge

Absent: Tim Bell, Anel Garza, Kim Barnes

Staff Present: Anne Selness

Guests: None

Minutes of the November 15, 2017 meeting were approved.

Director's Report

- We are working on the annual and CIP budgets for 2018-2019 following recommendations for projects from the Park and Recreation Master Plan.
- Our new City website goes live on December 21. Staff have been working diligently to get all the needed upgrades completed by this date.
- Winter Blast day camp starts this week.
- Working with the AEA pool staff to get the pool ready for our January indoor swimming lessons.
- Always looking for instructors for teaching new classes for parks and recreation.
- We spoke a lot about the planned upgrade to the skate park for 2018. Park and Recreation Advisory board members will help with a fund raising project. Jeff said he would help try to design a graffiti wall for us to put on site. We are planning numerous new elements as well as a pump track. Anne will meet with Matt at Black Tire Bikes to start the preliminary planning and design of the upgrade.
- We talked about possible new board members since Tim Bell is rotating off in January. Board members also felt it was important to add a student member. We can have seven people on our board.

Meeting adjourned at 4:45 pm. Next meeting is January 17 at 4:15 pm in the City Hall Basement.
